Dear Friends and Cattlemen,

On behalf of everybody that makes up the Angus Breeders of Texas Marketing Group, I would like to welcome you to Canton for the inaugural sale.

These breeders formed this group with the thought in mind to offer a Texas raised, solid product to the Grassroots cattlemen and cattlemen in this area. Whether you are looking for Bulls or Females to add to your commercial herd, or you are a purebred Angus breeder looking to add a donor, this group has you covered.

As a group, we are excited to present this offering to you. As you study the sale book, and inspect the cattle, you will find that we have assembled a set of cattle that are very functional and sound, as well as balanced in their EPD profiles. They are ready for turn-out. Any bulls of breeding age (12 months) will have a breeding soundness exam and a negative Trich test. All females are sold as sound breeders, and pregnancy information will be available.

We all look forward to meeting and visiting with you on sale day. In the meantime, if you have any questions or need anything from us, feel free to give me or any of the consignors a call.

Sincerely,
Rob Schacher

In Memory Of

Lot 81 is offered in memory of Taylor Conrad-Lefevre who passed away on Easter 2021. The proceeds will benefit his family. Lot 81 has been graciously donated by American Pride Ranch.

Born in Austin, Texas, to parents Lance Lefevre and Tessa Callaway, Taylor Conrad-Lefevre was true to his Texas roots and grew to become a hard-working cowboy. Taylor was a member of the Cowboys Professional Rodeo Association and his passions involved being in mother nature, rodeoing and steer wrestling. Taylor owned and operated his own construction business building fences. However, Taylor's greatest achievement was the love he had for his family and friends. He adored his little boy and continued to make new friends, even during his stay in the hospital.

- Sells open.
- This Enhance daughter is a true donor cow prospect! Not only does she possess the high-quality phenotype inherited from her mother, our donor 915, but as well she has a flawless pedigree combining the best of SydGen genetics of Enhance with 100X and Ambush 28. She is very elegant through her front end with extra length and feminine head. She blends very smoothly from her neck and shoulder junction into her ample rib cage. She has a perfect angle to her shoulder and hip and moves with great flex off both ends. Her data set puts in the top 1% for \$B, RADG, 2% \$F, \$C, 3% \$G, 4% for YW and 5% REA. Do not let this future donor get away.

Creating EFFICIENCY...

one lick at a time.

Our liquid feed and tub supplements supply protein, energy, vitamins and minerals to complement your forages.

In turn, you get the opportunity for better herd performance, more cows bred, increased utilization of your forages and a convenient feeding method.

We create cow herd EFFICIENCY... one lick at a time.
