TEXAS

Hello and welcome to the 2022 Angus Breeders Of Texas Sale.

We are grateful you've chosen this sale to evaluate for additions to your breeding program.

We are excited about this year's offering. Our consignors have pulled from the heart of their herds. Whether you are looking to start a program or add to yours, we are confident you'll find cattle that will meet your needs.

It has been a pleasure for Robinett Auction Services, LLC to work with the consignors of the 2022 sale.

As producers in Texas and across the nation begin to rebuild our cowherds, the demand for Angus influenced cattle, which is at an all-time high now, will only increase. Due to the low cattle numbers and high demand for Angus beef by consumers, it's time to take advantage of these economic factors. Breeders of Angus cattle will be in the driver's seat for years to come. The commercial cattle markets are on track to break all records in the near future and this will have a very positive effect on the registered cattle market, as well.

Take this opportunity at the Angus Breeders of Texas Sale to improve the genetics in your herd for your benefit and for the benefit of our nations' food supply. As we are blessed to be the select few, who are responsible for help feeding our fellow Americans.

Please feel free to contact me with any questions you may have. We look forward to a great sale!

Sincerely,

Troy Robinett
Sale Manager & Auctioneer

Here's a unique opportunity to purchase a stylish, data driven female from the heart of the Black Diamond Angus herd. 2106 is an own daughter of G A R Greater Good, the \$208,000 valued feature bull in the ST Genetics sire lineup. She posts outstanding growth predictions ranking her in the top 1% for WW and top 2% for YW while maintaining estimates in the top 5% for Marbling and top 10% for RE. When you study her \$ indexes you find that she ranks in the top 2% for \$W and \$G with a top 10% \$B and a top 15% \$C. The new owner of this female will be in the drivers seat with fresh new genetics tracing back to time tested donors like New Design 0546 and DRMCTR 111 Rita 6108.

A perfect combination of high volume, easy fleshing from Basin Payweight 1682, that stems back to SAV Madame Pride 1435. 1435 is a direct descendant of SAV Madame Pride 0075, which has proven phenomenal maternal and longevity traits. In my opinion, 0075 is one of the best cows to come out of the SAV program, with over \$5.5 million in progeny, including the world record \$1.51 million SAV American 8018

Confirmed Bred to Schilling Stunner 9354 Reg#19535724. Calf is expected to be due 11/23/22.

A structurally sound, eye appealing cow out of the 44 Farms Zues bull. Weaned an impressive bull calf out of Poss Rawhide that should be a feature sale bull this spring. Confirmed pregnant to Schilling Stunner, who passed away unexpectedly this past spring. This calf should have extremely balanced EPDs.

Great frame, spring of rib and easy moving, this bull is as sound physically as he is genomically. This Set Apart son combines calving ease with high weaning and yearling growth to make a great combination of 21 EPD's in the top 25%. He is consistent across the board. He achieved a 6.19lb ADG on feed test as well. Bulls like this flat out make profitable calves.
